48" x 45" BULK BOX

The perfect balance of strength and versatility

Buckhorn's BN4845 is designed with the customer in mind. It features the proven design of sturdy, structural foam panels and drop down doors you expect from Buckhorn and combines that technology with a high strength, injection-molded, two-piece welded base. Perfect for the manufacturing and automotive industries, the BN4845 provides end users with a high performance solution without adding weight to the container.

BN4845

BUCKHORN®

- 2,500-lb. capacity
- Available in 25" or 34" heights
- Features ergonomic handles and non-sequential folding
- Four drain holes for better outside storage
- Dual drop-down doors do not block fork tunnels when open
- Two recessed ID tag areas on all four sides of the base
- Additional flat surfaces on the panels and doors for labels, cardholders or RFID tracking
- Welded base interlocks into container below for secure stacking, upright or collapsed
- Nests with competitive bins when upright or collapsed
- Offers a 3:1 return ratio—234 collapsed containers fit in a 53' trailer
- Easy to repair —no special tools or fasteners required
- 100% recyclable
