

EGA
PRODUCTS, INC.

Manufacturers of Material Handling and Storage Equipment

CUSTOM FABRICATION

**PERFORMANCE
BY DESIGN**

PORTABLE BIN CART MODULES

EGA Products designed and manufactured these **Portable Bin Cart Modules** to meet strict requirements for use in U.S. Government aircraft maintenance facilities.

In addition to sizing and durability considerations, these portable bin cart modules must be precisely constructed to interface with existing fleets of Automatically Guided Vehicles (AGV) and for use with Automated Storage & Retrieval System (ASRS).

If We Can Do This For Them, What Might We Do For You?

Rely on EGA precision engineering and manufacturing expertise to design and build custom racks like these, and other equipment that will meet the specific people-access, materials-handling, or storage needs of your industry and its processes—no matter how simple or complex your requirements.

LEARN MORE

EGA Portable Bin Cart Modules features include:

- ▶ HDPE plastic bins-provide for easy loading and unloading of parts from two sides.
- ▶ Corner bumpers-protect carts from one another during staging, transit, and other warehouse operations.
- ▶ Heavy duty casters-allow for easy movement and positioning independent of the AGS and ASRS.
- ▶ Ergonomically correct push handles-avoid operator fatigue and repetitive stress injuries

EGA Portable Bin Cart Modules are available with stainless steel construction or offered in a variety of finishes, including:

- ▶ Painted enamel
- ▶ Powder coat
- ▶ Hot-dipped galvanized
- ▶ And more

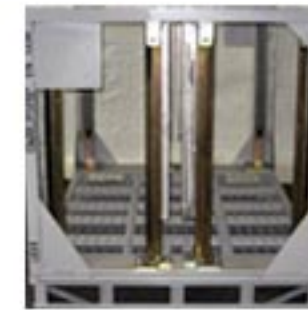

Typical industrial applications:
Military/Government

Carousel Racks

Shipping & Receiving Packaging Benches

Indexing Tower Racks

Custom Operations Platforms

Returnable Equipment Racks (Non-Collapsing)

Galvanized Industrial Stairways & Landings
