Manufacturers of Material Handling and Storage Equipment

CUSTOM FABRICATION

**PERFORMANCE
BY DESIGN**

SHIPPING & RECEIVING PACKAGING BENCHES

EGA Products was commissioned by a world renowned manufacturer of agricultural and construction equipment to design and manufacture customized Shipping & Receiving Packaging Benches or handling small tractor parts. Along with ergonomic design and exceptional durability, these benches also need to integrate a computer keyboard and hard drive that are central to the company's barcode inventory control system.

Analyzing the time/motion requirements surrounding the company's shipping & receiving operations, EGA engineers designed a packaging bench with an exceptionally durable work surface, and ergonomically placed compartments for boxes and other packaging materials.

If We Can Do This For Them, What Might We Do For You?

Rely on EGA precision engineering and manufacturing expertise to design and build custom racks like these, and other equipment that will meet the specific people-access, materials-handling, or storage needs of your industry and its processes—no matter how simple or complex your requirements.

[LEARN MORE](#)

The design integrates an adjustable swing arm that optimally positions the computer keyboard relative to the height of the operator and also includes:

- ▶ Roll stock dispensers
- ▶ Organized storage areas
- ▶ A compartment optimally sized to accommodate the hard drive and keep it out of harm's way

EGA customized Shipping & Receiving Packaging Benches are available with stainless steel construction or offered in a variety of finishes, including:

- ▶ Painted enamel
- ▶ Powder coat
- ▶ Hot-dipped galvanized
- ▶ And more

Typical industrial applications:

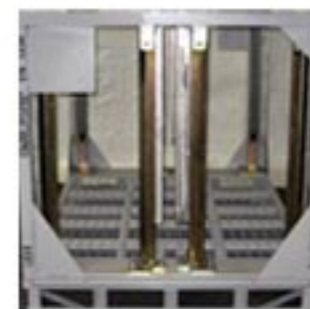

Automotive, manufactured goods, shipping, military/government

Carousel Racks

Shipping & Receiving Packaging Benches

Indexing Tower Racks

Custom Operations Platforms

Returnable Equipment Racks (Non-Collapsing)

Galvanized Industrial Stairways & Landings

Returnable Equipment Racks
