# LD50

*1/2" Panels Engineered for Performance & Savings*

## LD50

- Average 30% in freight savings
- Easier to handle and install
- Rigorously tested by Pallet Jack Traffic Simulators
- Best in the Industry 10-Year Product Warranty
- Competitively Priced

## Proven

In the past 16 years over 35 million square feet of ResinDek<sup>®</sup> panels have been installed in Warehouses and Distribution Centers.

## Tested

Cornerstone Specialty Wood Products performs the following extensive tests:

Point load  
40,000 cycles of pallet jack traffic  
Uniform physical property tests per ANSI standards  
ESD Testing on every unit sold  
Moisture resistance  
Linear expansion

ResinDek<sup>®</sup> panel capacities are based upon 10-year duration load testing, not intermittent load tests.

## Value

Newly engineered ResinDek<sup>®</sup> LD50 provides you with greater value because they perform like 3/4" flooring panels and deliver savings from being 1/2" in thickness.

New ResinDek<sup>®</sup> LD50 provides lighter panels for easier handling and installation while providing the durability required for warehouse traffic.

Shipping charges to your location can be reduced by over 30% with these new ResinDek<sup>®</sup> panels.

Since the introduction of ResinDek<sup>®</sup> in 1994, over 20,000 miles of pallet jacks have traveled across these panels in testing facilities.

Extensive testing and simulation of actual field conditions are part of why Cornerstone Specialty Wood Products continues to introduce and maintain a reliable family of mezzanine flooring products.
