Stock Color:Gray Powder Coat

Affordable Tri-Boro pallet rack expands your usable storage space without expensive building expansion. Stock upright frames are available in 96", 120", 144" and 192" heights. Stock step beams are available in 48", 72", 96", 108", 120" and 144" lengths. Heavy duty waterfall decking features a 2" x 4" x 4 gauge wire mesh and available in six popular sizes.

TRI-BORO QUALITY FEATURES

MORE STEEL - Heavier, more rigid and durable rack.

HIGH STRENGTH - One piece tube-seamed step beams with no exposed welds. Single rib frame design adds to strength & rigidity.

EXTRA-SECURE CONNECTIONS - Three high strength button-head studs on beam connector plates and tapered keyhole slots in frames for quick, easy assembly.

SAFETY - Factory installed, field replaceable self-engaging zinc plated cylinder clip safety locks are standard on all beams with 6" (3 stud) end connectors. Our 4" (2 stud) and 8" (4 stud) connectors have factory installed spring loaded pin.

BETTER FINISH - A powder-coat baked polyester process on all major components which creates a durable appliance finish.

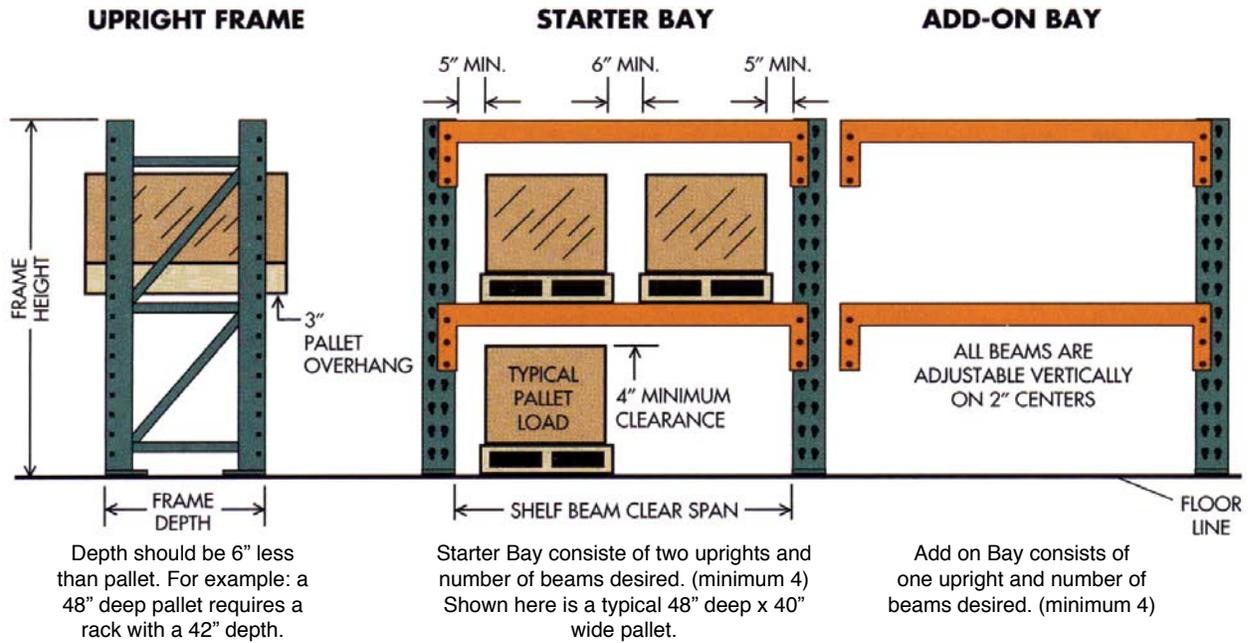

GENERAL SPECIFICATION NOTES:

- 1) Rack components based on RMI 2002 specification for the Design, Testing and Utilization of Industrial Steel Storage Racks.
- 2) Beam capacities are based on uniformly distributed loading in pounds per shelf (pair of beams) and are for beam components only. Overall rack configuration is the responsibility of others.
- 3) Frame capacities are for frame components only. Overall rack configuration is the responsibility of others.
- 4) Applicable for non-seismic use only. Building codes may require otherwise.
- 5) Contact TRI-BORO for design assistance and/or applications not covered by above.
- 6) Wire Mesh Decking made of cold-drawn steel, waterfall design, 2" x 4"; 4-gauge mesh.

NOTE: Other sizes of Pallet Rack and Wire Deck available upon request.
