Intelligrated AS/RS solutions

automation that delivers™

Intelligrated® provides automated storage and retrieval systems (AS/RS) as part of best-fit solutions that apply the right mix of automation, software and labor to match operational requirements. AS/RS solutions from Intelligrated reduce labor requirements and storage footprints compared to traditional storage approaches and scale to accommodate increased transactional and storage demand. Single-source integrated systems reduce overall project risk and the company backs each installation with robust 24X7 after-sales service and support to ensure maximum uptime, durability and return on investment through a nationwide network of local support centers, online management tools and spare parts support.

Industries served:

- Retail
- E-commerce
- Wholesale
- Food
- Beverage
- Consumer packaged goods
- Pharmaceutical and medical supply
- Post and parcel
- Third party logistics

Intelligated OLS (one-level shuttle) system

The flexible and efficient Intelligated OLS provides quick access to cartons, totes and trays in a scalable design, ideal for operations with high-turn inventory storage and short order cycle times.

- Offers a range of load handlers to accommodate the widest variety of tote types and carton sizes
- Stores and retrieves items from single, double, triple and quadruple-deep storage
- Provides low energy consumption through run-on-demand and lightweight design
- Serves multiple levels or a single, dedicated row for maximum system flexibility
- Reduces storage labor and footprint requirements

Meet every storage requirement

Intelligated AS/RS solutions offer the flexibility and speed for every application, from e-commerce and omnichannel fulfillment to grocery distribution and everything in between.

- **Goods-to-operator order fulfillment** – Combine with conveyor, lights or voice picking to reduce walk times and improve picking efficiency
- **Just-in-time inventory management** – Quickly respond to reduced inventory levels to avoid stock outs while minimizing inventory costs
- **Product sequencing and buffering** – Deliver the right products and quantities to keep downstream processes running smoothly and efficiently
- **Mixed-load, full-case and break-pack order fulfillment** – Manage inventory release to support advanced processes that increase efficiency within the warehouse and beyond
- **Route-based delivery sequencing** – Sequence product release to optimize truck load patterns for faster, more efficient deliveries

Solutions overview

Intelligent automated material handling solutions from Intelligrated optimize processes, increase efficiency and give businesses a competitive edge. Intelligrated designs, manufactures, integrates and installs complete material handling automation solutions including:

- Warehouse execution systems
- RTS™ order picking technologies
- Voice solutions
- InControlWare® machine controls
- IntelliSort® sortation systems
- Conveyor systems
- Alvey® palletizers and robotics
- AS/RS solutions
- 24X7 Customer Service & Support

Customer service & support

Intelligrated Customer Service and Support provides all the services, parts and support necessary to keep systems running at peak efficiency. Staffed with a network of Intelligrated professional customer service and support specialists, multilingual customer service is accessible 24X7.

About Intelligrated

Intelligrated is a leading North American-based, single-source provider of intelligent automated material handling solutions that drive distribution and fulfillment productivity for retailers, manufacturers and logistics providers around the world. Through a broad portfolio of automation equipment, software, service and support, Intelligrated solutions optimize processes, increase efficiency and give businesses a competitive edge.

Intelligrated designs, manufactures, integrates and installs complete material handling automation solutions including conveyor systems, sortation systems, palletizers, robotics, automated storage and retrieval systems, and order picking technologies – all managed by advanced machine controls and software. Solutions include industry-leading Intelligrated-manufactured Alvey®, RTS™ and IntelliSort® brand equipment and warehouse management (WMS), warehouse control (WCS) and labor management software.

Every project is backed by Intelligrated's 24X7 multilingual technical support and access to lifecycle service through a network of national, regional and local service centers. From concept to integration to lifecycle support, Intelligrated automation delivers distribution and fulfillment success.
