

Angle-VU™ Adjustable Label Holders For High and Low Wire Shelves

No more climbing or bending to read labels! Flexible, clear PVC Label Holder snaps onto wire shelf at three (3) different angles; 90° (flat), 60° or 30° for easy viewing of labels on high or low shelves. Snaps off to relocate. Clear plastic window protects label or bar code. Inserts included, 25 per package. Custom lengths are not available.
