Aigner Label Holder Corp Recognized as Outstanding Supplier by Grainger

New Windsor, NY (4/8/2014) – Aigner Label Holder was presented with the Partners in Performance Award for 2013 at Grainger’s annual supplier conference held recently in Rosemont, Ill. Grainger, the leading broad line supplier of maintenance, repair and operating (MRO) products serving businesses and institutions, presents the award annually to a select group of suppliers for outstanding performance throughout the year.

Through this award, suppliers are recognized for excellence in several categories, including responsiveness, information integrity, on time shipping and variability, management commitment and order fulfillment. Grainger suppliers receive ratings throughout the year for their performance in each of these categories. Out of Grainger's more than 3,200 active suppliers, less than 1 percent are chosen to receive these annual awards.

“Aigner Label Holder has had a strong partnership with Grainger for 15 years and we are honored to be recognized by the Grainger team,” says Mark Aigner, President of Aigner Label Holder.

"Grainger is proud to recognize Aigner Label Holder Corp for its outstanding supplier performance," said Fred Costello, Grainger Vice President, Product Management and Sourcing. "Grainger helps provide customers access to the products they need to keep their facilities safe, clean and functioning, and this would not be possible without the commitment from our suppliers."

Aigner Label Holder is a manufacturer of high quality plastic insertable label holders and associated products. Aigner Label Holder supplies superior labeling products to solve all labeling uses – on shelves, bins, drawers, wire shelving and pallet racks.

Aigner has the solution for most any label holder need. Aigner label holders are management tools that prevent problems before they arise.

Whatever the initial investment, you’ll receive quick payback in materials, labor, and overall efficiency.

When looking for a Label Holder solution, look to the leader. Look to Aigner!
