

BEAM RENEW™ COVER UP

Easily relabel your warehouse racks without the time and expense of scraping, cleaning or painting.

No Scraping. No Residue. No Kidding.

Beam Renew is ID Label's popular warehouse rack cover-up solution. With its durable construction and advanced adhesive, it applies directly over old barcode labels without any show-through, which ensures accurate scans.

Beam Renew's laminated top coating makes it easy to relabel your warehouse beams when product inventory and information changes or when re-slotting or reconfiguring locations.

Eliminate countless unproductive worker hours otherwise spent scraping off old labels and repeatedly cleaning and treating your beams.

Beam Renew applies directly over old barcode labels. A specialized opaque backing eliminates show-through.

Beam  **Renew™**

Key Features of Beam Renew™

- **Easily Relabel Racks** – Apply barcode location labels directly to Beam Renew for easy removal whenever product information or inventory changes. There's no residue, gunk or labor-intensive clean-up.
- **Durable Construction** – Features an opaque metalized adhesive backside for 100% cover up and consistently accurate scans.
- **Cost Effective** – Relabeling locations is quick and easy, which means warehouse workers are more productive and your operations are more efficient.
- **Color Variety** – Available in multiple colors to match or contrast your beams.
