Our Bread and Butter

Material Handling

IMI draws on 20 years of specialized experience to provide reliable, available and qualified labor solutions to the supply chain and manufacturing sectors.

In a time when the number one challenge of successful companies is finding qualified talent, IMI does EXACTLY that for you. Whether it's conveyor installation or electrical, we can provide it all. IMI uses its own workforce and performance management platforms (Rhonda) to continuously develop and maintain an unparalleled pool of proven, dependable employees.

It's thanks to this process that we're able to bypass the ongoing skills gap and deliver qualified, motivated, technicians.

Automation Installation Services

IMI provides rapidly deployable technicians that can be trained specifically in your technology, to join your team on an as-needed basis.

Armed with this product knowledge, our technicians support both integrators and OEM product manufacturers to install, commission, and conduct go-live testing as well as provide ongoing support across North America.

Our mission is to provide a completely agnostic and innovative Services Platform to serve our partners in the Supply Chain and Manufacturing industries.

We offer our Automation Service model to a broad variety of industry solution providers such as: Machine Vision, Smart Camera products, Dimensioning Systems, Small Sorters, Bar Code Scanners, Robotics, AGVs and IoT Solutions & Systems.

IMI makes the *human* process simpler.

And it's all thanks to Rhonda.

It's about leveraging technology to automate the HR process. What's more, Rhonda is about connecting and understanding your workforce. Rhonda works alongside your team and integrates with other software platforms to deliver a seamless employment operation that leaves employees and employers fulfilled.
