# PALLET RUNNER AUTOMATION CO. LTD

## AUTOMATION MADE SIMPLE

**Pallet Runner Automation** spent an enjoyable day at the recent 5th annual Ronald McDonald Charity Golf Tournament, hosted by our very good partner Martin Brower.

Ronald McDonald House Charities provide accommodations close to local kids hospitals where family members can stay while their son or daughter under go treatment for serious ailments.

Our strategic partners, Storage Solutions and Hannibal Industries were also able to join us for the day, helping Martin Brower raise roughly \$15,000 for the Atlanta chapter of "Ronald McDonald House Charities" Well done Martin Brower!

Pallet Runner Automation supplied Martin Brower with our Semi-Automated (Pallet Runner) high density storage system, allowing Martin Brower to maximize the cold store areas of their strategically placed distribution centers.

To learn more about “Ronald McDonald House Charities” please visit [www.rmhc.org](http://www.rmhc.org)

Allow Pallet Runner Automation to explain in more detail how our full line of products can benefit your cold store supply chain:

PALLET RUNNER
