"We customize all products to fit your needs and applications. Our goal is to deliver products and services that exceed your expectations."

Dan Cummings
President, PHS West, Inc.

The perfect fit to meet your needs; our custom design options are specific to the equipment and supply protocol for your department

FEATURES & BENEFITS

The Ergo-Express® Motorized Platform Cart can pay for itself in just one year*

Benefits

- Ergonomic power drive solution for transportation of equipment or supplies
- Ability to "retro-fit" your existing bins/carts/ equipment onto our motorized platform
- Increased staff efficiency with the ability to take larger loads, in fewer trips
- Reduction in staff injuries and the associated work-comp claims and staff shortages
- Return on investment can reduce operating and capital equipment costs
- Replacement of aged equipment with new, power drive solutions

Upgrades

- Heavy duty components available for heavier loads (battery, motor, controller, etc.)
- Retractable drive (drive wheel comes off the floor allowing for the cart to be maneuvered on the four swivel casters)
- Optional accessories include, but are not limited to: lift tables, cage enclosures and shelving rack assemblies with weatherproof covers, stainless steel construction
- Virtually endless customization options

On-going Customer Service

- 24/7 operational and technical support; call anytime, day or night, for the life of the product

ETL Certification

- Meets UL, state, local and federal electrical safety requirements
- No additional testing or certification is required

* Some variables in your evaluation could affect actual return on investment time beyond one year.
