K5 is a 3 wheels electric order picker with a wide platform having a loading capacity up to 500 kg / 1102 lbs.

Efficient and versatile operations are possible thanks to the outstanding performance and easy maintenance.

Operating mode: stand-on.

This vehicle is ideal for companies that handle light, non-bulky goods, such as mail order, electronics, pharmaceutical and wholesale companies, as well as companies with long transport distances between warehouse and production facilities.

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
