Electric tug equipped with hydraulic lifting system.

M14 is the ideal solution to handle 2 wheel carts that need to be lifted for towing and pushing operations.

Our power pusher has a lifting capacity up to 1000 kg and can tow up to 2000 kg on flat ground. M14 electric tugger can't be used on slopes.

It is equipped with a 85ah Gel interchangeable battery pack that can cover more than one work shift.

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
