# JESPI

www.zallys.com

*JESPI is a 4-wheel electric powered vehicle, created for various special applications. All sorts of equipment or containers can be assembled for multiple usage.*

Equipped with many accessories, it is suitable for the cleaning of large parks and gardens; for handling material or goods stocked in pallets; for the luggage or goods transport in airports and stations; a versatile vehicle for many other work situations.

The swivel tiller head is made with a safety sensor which allows to work only in the presence of assigned personnel.

It works in any kind of internal/external or on uneven ground situation. Also available with heavy duty axles to load up to 1000 kg.

Our electric vehicles are not only CE certified but, more than 80% of the range is covered by the UL certification, which guarantees its suitability to the standards applicable in relation to potential risk of fire, electric shock and mechanical hazards.
