

RITUAL BATH

AT SPA PALAZZO FEATURING NATURA BISSÉ

The Ritual Bath begins with a choice of Steam, Inhalation, OR Sauna and then proceeds through the water treatments listed below.

Begin your journey with one of the following:

Steam Room: The steam room helps to relax stiff joints and muscles, deeply cleanses the skin, helps eliminate toxins and boosts the immune system.

Sauna (heated) or Inhalation (room temp) room: Eucalyptus-filled sauna clears the head, sinus and nasal passages and refreshes the spirit, promoting clarity of the mind.

Then experience the Termes:

Ritual Soak: Immerse yourself in the warmth and luxury of your personal soaking tub. Our Signature Bath experience includes aromatic bath salts, body scrub, and cooling cucumber eye treatment.

Swiss shower: A stimulating shower with 100 invigorating shower heads, leaving the skin and muscles prepared for deeper therapy

Deluge: This warm water massage helps to loosen your muscles before beginning your treatment, stimulates the body to release natural stress reducing endorphins and increases blood circulation.

Jacuzzi: Mild water resistance combined with air heats the water to create a turbulent oasis which leaves the mind, body and soul in tranquility.
