

Manufacturing Facility

Features and Benefits

INDUSTRY:	General
APPLICATION:	Final Assembly and Shipping/Receiving
PRODUCT:	Two (2) 50 Ton Top Running Double Girder Cranes
SERVICES:	Design, Manufacture, Installation, Quality/Load Testing

The custom solution provided accommodations to access products and components in all areas of a 43,000 square foot manufacturing facility.

Industry Group: Crane Manufacturers Association of American (CMAA)

Two (2) 50 Ton Top Running Double Girder Cranes

THE CHALLENGE

To lift and move equipment and components in a 43,000 square foot newly constructed assembly and shipping/receiving building.

THE SOLUTION

American Crane custom designed, manufactured and quality tested two (2) 50 ton top running double girder overhead cranes with dual 25 ton trolleys.

THE RESULT

These custom cranes are designed to travel throughout the facility, lifting and moving heavy equipment and components to various points within the building. Our cranes are all tested for quality and safety, protecting workers as well as the load being carried.
