Subject: HMI – Certified Program: Reaffirmation

Dear Mr. Paxton,

I have reviewed our Demag HMI products and there has not been a significant design change to the product or product family of like design. At this time, Demag wishes to reaffirm our product and respectfully requests recertification be awarded in the HMI Certified program.

Per your request, a Proof of Adequate Product Liability Insurance form has been attached to this document.

A handwritten signature in blue ink, appearing to read "Craig Aszkler". The signature is fluid and cursive.
