

About Us

SINCE 1987, PROSERVCRANE GROUP HAS SUPPLIED MANY OF THE WORLD'S LARGEST FORTUNE 100 COMPANIES WITH CUSTOM DESIGNED MATERIAL LIFTING SOLUTIONS.

Nearly twenty-five years ago in Houston, TX with only three employees and operating out of a very small trailer and metal building, ProservCrane was incorporated. The company name ProservCrane & Equipment, Inc. was chosen because the business was based mostly on service work. Today, ProservCrane Group is a full-service crane manufacturing company with over 175 employees and operations in five major cities across the US.

We are a service oriented company supported by a family of knowledgeable and passionate employees. Our management team has over 100 years of combined experience in the material handling industry and our veteran staff and factory-trained technicians understand the needs of our customers. To ensure that we keep on delivering, we are continuously developing our service offerings and further enhancing our customer's experience.

Our extensive capabilities has led to our reputation for reliability in supplying optimal products and services at competitive prices, making us the most efficient, cost effective and reliable source for all your material handling needs.

At ProservCrane we offer a unique combination of strengths – design, fabrication, delivery, installation, field service, OSHA compliant inspections and part sales – all from one single source, performed by experienced, well-trained, dedicated people.

At ProservCrane Group we are a company committed to Lifting your Business to New Heights.
