

FOR IMMEDIATE RELEASE

Three Open Sky Group Experts Awarded 2020 Pro to Know by *Supply & Demand Chain Executive*

Winners chosen from over 500 nominations

RALEIGH, N.C. (March 17, 2020) – [Open Sky Group](#) is proud to announce that three of its supply chain experts were awarded the 2020 Provider Pro to Know by *Supply & Demand Chain Executive*. Michael Noble, VP, Client Services, Alan Prillaman, VP, Client Services, and Pawan Singh, Senior Solutions Architect were chosen from over 500 nominations for this 2020 honor.

Open Sky Group is a gold implementation partner and reseller of Blue Yonder’s Warehouse Management, Labor Management, Workforce Management and Transportation Management products.

The [Pros to Know Awards](#) recognize supply chain executives, and manufacturing and non-manufacturing enterprises, that are leading initiatives to help prepare their companies’ supply chains for the significant challenges of today’s business climate. This year’s list includes the 2020 Provider Pros to Know— more than 200 individuals from software firms and service providers, consultancies or academia, who helped their supply chain clients or the supply chain community at large prepare to meet these challenges—and more than 40 Practitioner Pros, who do the same within their own companies. Past Pros to Know award winners from Open Sky Group include Chad Kramlich, Chief Revenue Office and Curt Sardeson Chief Executive Officer.

“Given the nature of Open Sky Group services as a consulting organization, we are only as good as our people like Mike, Pawan and Alan who are helping our clients get more from their warehouse, labor and transportation management systems every day,” says Chad Kramlich, Chief Revenue Officer of Open Sky Group. “We are proud to have not just one person but **three** awarded for Provider Pros to Know in 2020, further validation of the depth of supply chain expertise at Open Sky Group.”

Reach new heights of supply chain efficiency.

“The supply chain profession is ever-changing, with transformative technologies and evolutionary best practices driving greater efficiencies and innovations for companies. At the heart of it all are supply chain professionals. *Supply & Demand Chain Executive* congratulates the 2020 Pros to Know recipients who are setting the bar for supply chain excellence,” says Marina Mayer, editor-in-chief for *Supply & Demand Chain Executive*. “Whether you’re a practitioner or provider, the leaders in the profession are growing each year, with rising standards and thought leadership. Reach out to our 2020 recipients and engage with them, ask questions and seek feedback. The supply chain profession is a community with a commitment to excellence that should not be overlooked.”
